Art Unit: 1618

Claims 1-4 are presented for examination.

Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-4 are indefinite in failing to set forth a definition for "B".

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 4 recites the limitation "and other disorders requiring the wetting of the eye" in claim 1. There is insufficient antecedent basis for this limitation in the claim.
